**University**  
of the  
**Sciences**

*Our success is made possible only through the generosity of alumni and friends.*

*We are grateful for your continuing commitment that has allowed us to make tremendous progress over the years. We thank you for contributing to the University's evolution as a premier health sciences university.*

# FROM THE BOARD OF DIRECTORS

Dear Alumni and Friends,

It is our pleasure to thank you for your generous support of University of the Sciences in Philadelphia during the 2008–09 fiscal year.

We welcome our new donors to the University family and thank our longtime friends for their ongoing support. It is especially gratifying to us that so many of our contributors continued their support of the University during this economically challenging time.

Gifts from our alumni and friends made a real difference to the University in so many important ways last year. Thanks to you, we were able to offer our students a high-quality education, from the best faculty, in the most advanced labs and facilities. And thanks to you, we were able to provide the scholarships that so many of our students rely upon to continue their studies.

Even in a difficult hiring environment, our students continue to win jobs and succeed in the workplace—a testament to the strength of their education, which would not be possible without your generosity.

Your support makes you an important partner in the mission that has defined this institution ever since our founding as the Philadelphia College of Pharmacy: training the next generation of leaders in healthcare.

We thank you for your generosity and your commitment to this important mission. With your partnership, the University will continue to grow in the coming years as we respond to the needs of our students and the challenges and opportunities in today's rapidly changing healthcare environment.

With gratitude,

Mr. Marvin Samson  
Vice Chair, Board of Trustees  
Chair, Advancement Committee

Dr. Kathleen Mayes  
Vice Chair, Advancement Committee
