

# **EXTREME MODIFIERS AND QUALIFIERS**

## **UNDERSTANDING TRUE/FALSE STATEMENTS**

When reading **True/False** statements or questions, look for extreme modifiers and extreme qualifiers.

**Extreme modifiers** are often found in **false statements**.

all	none	everybody	nobody
always	never	everyone	no one
invariably	at no time	certainly	absolutely not
best	worst	absolutely	certainly not

**Extreme qualifiers** are often found in **true statements**.

usually	frequently	often	sometimes
infrequently	seldom	not usually	hardly ever
most	a majority	many	quite a few
some	a few	not many	very few
probably	likely	apt to	may
might	may not	not apt to	unlikely
good	average	not too good	poor
